

Knowledge Exchange and Economic Growth

Jenni Chambers, Adrian Day, Alice Frost

AURIL Conference 11th October 2012

Economic Growth: supporting the role of HE

- HEFCE core activities as long term driver – recurrent funding for research, teaching and KE, regulation (eg partner confidence) and information (eg KIS)
- Work in partnership – eg SLC, RCUK, TSB
- Build on success in UK RPIF – capital funding and co-investment
- Catalyst Fund – Economic Growth
- Knowledge exchange funding (HEIF) – additions
- New EG committee – work with CIHE/NCUB
- Make the case for public investment

Knowledge Exchange and Economic Growth

- Developing the case for Knowledge Exchange for the next CSR
 - HEBCI
 - HEIF Monitoring
- National Centre for Universities and Business
 - More on this in the Intelligent Brokerage session (now on)
- EU Structural Funds and KE
 - Current state of play
 - HE role: Interactive discussion...

No Post Lunch Snoozing!

Knowledge Exchange and Economic Growth

HEBCI update

Knowledge Exchange and Economic Growth

HE Business and Community Interaction Survey

- 2010-11 data show continued growth – now over £3.3 billion
- More than doubled over the decade
- Basis for
 - policy development
 - modeling of impact
 - allocations
- Currently under review by HESA
 - <http://www.hesa.ac.uk/content/view/2603/>
 - Further break-out session this afternoon
- HE-BCI is increasingly being used by academics – we'd be interested in any examples and case studies!

Knowledge Exchange and Economic Growth

HEIF monitoring: AMS

- Underspend
- Changes to your allocation of funding? Strategy Table B update
- Key Achievements
 - Link to 'areas of strength' identified in KE strategy
- Separate case study email (submit to KEandS@hefce.ac.uk by December 14th)
 - What was the activity?
 - What was achieved nb 'real world' results
 - How did HEIF help?
- Any major changes to your HEBCI income metrics? And related action?
- Have the barriers and enablers you face changed substantially?

National Council for Universities and Business

Announced by David Willetts 26 June in response to Wilson Review of Business-University collaboration

“The centre will focus on strengthening the strategic partnership between universities and business with a view to driving economic growth and recovery”

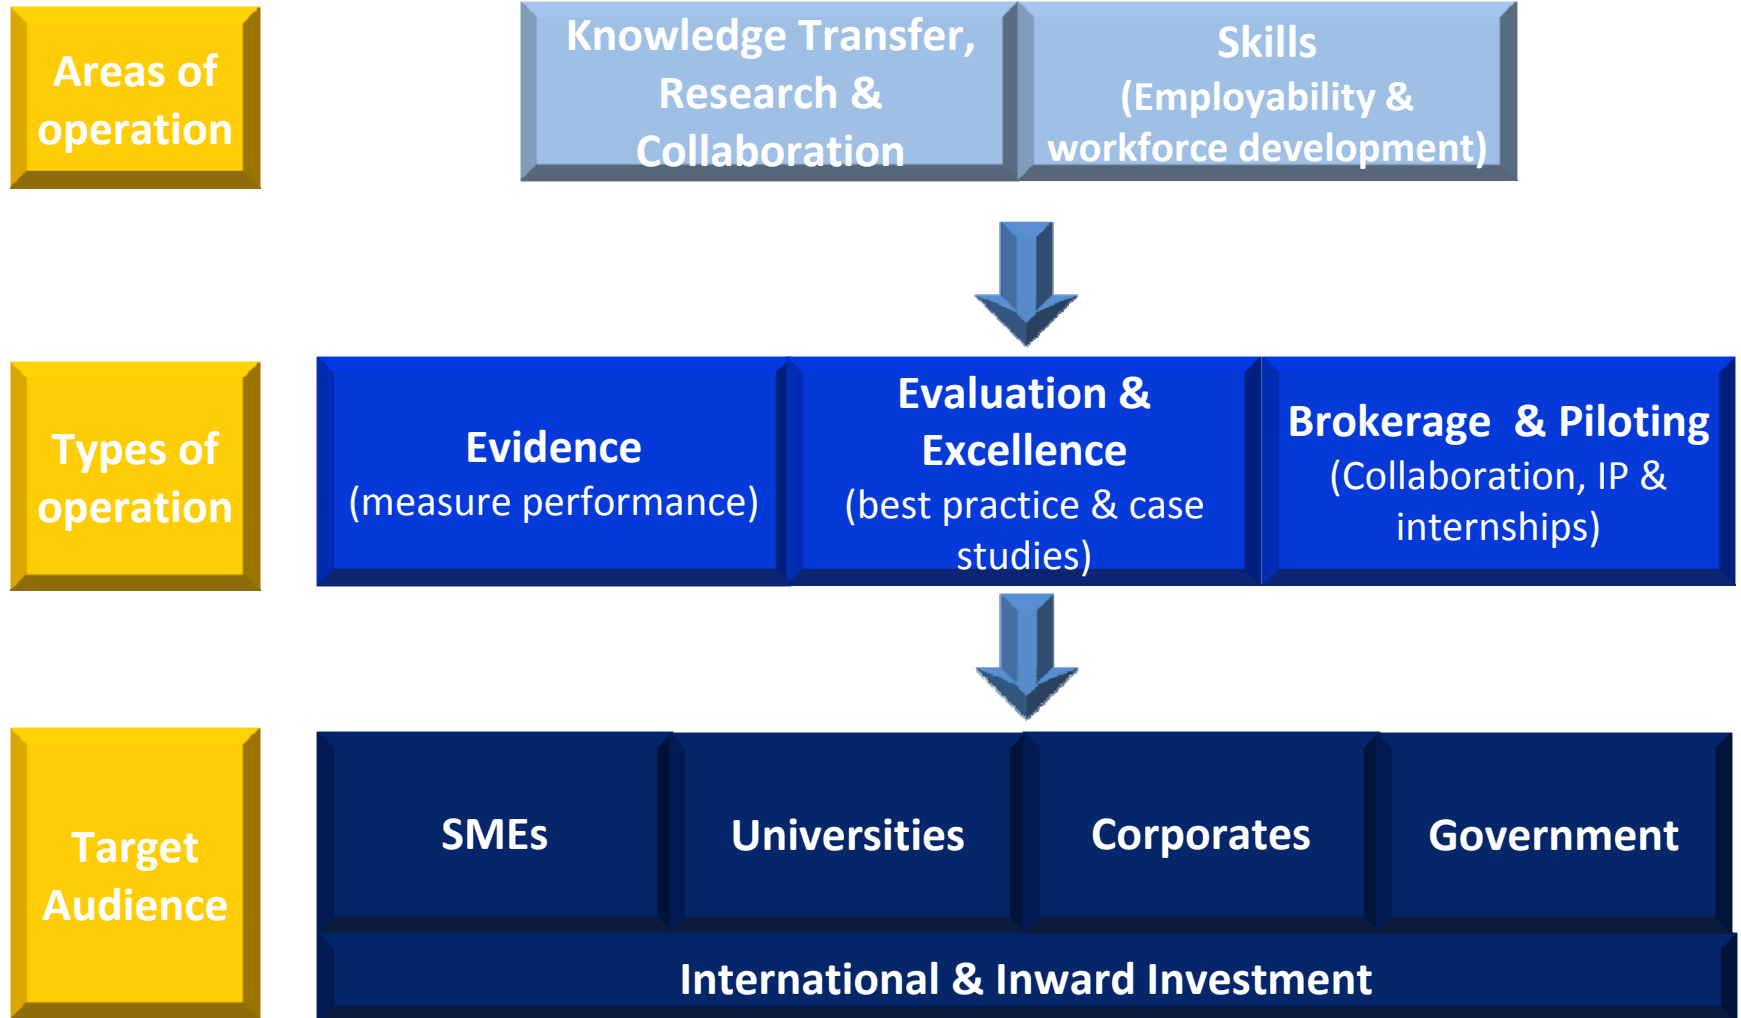

CIHE to launch the new centre at the end of January 2013

National Council for Universities and Business

National Centre: Mission

- Develop strategic relationship between UK higher education and business – particularly focused on leaders and senior managers
- Act as a lead forum for promoting best practice – including international
- Gather evidence and undertake research to inform policy
- Work with other relevant bodies so as to add value not duplicate
- Conduct and publish an annual ‘State of the relationship report’

Summary of Operations

Don't forget:

CIHE survey – closing date next Monday
